

NuraMatch

Cookie Policy

Effective Date: May 14, 2026

1. Introduction

This Cookie Policy explains how NuraMatch ("we", "our", or "us") uses cookies and similar tracking technologies when you use our mobile application and website (collectively, the "Services").

This policy should be read alongside our Privacy Policy and Terms and Conditions, which are available at nuramatch.com. By using NuraMatch, you consent to our use of cookies and similar technologies as described in this policy.

If you have any questions about our use of cookies, please contact us at privacy@nuramatch.com.

2. What Are Cookies?

Cookies are small text files that are stored on your device (computer, smartphone, or tablet) when you visit a website or use an application. They are widely used to make applications work more efficiently, to provide a better user experience, and to give us information about how our Services are used.

Similar technologies include:

- Local storage: Data stored directly in your browser or app that persists between sessions
- Session storage: Temporary data stored during a single browsing session
- Device identifiers: Unique identifiers associated with your mobile device
- Pixels and web beacons: Small image files that track user behavior and page visits
- Software development kit (SDK) tracking: Code embedded in our mobile app that collects usage data

Throughout this policy, we use the term "cookies" to refer collectively to all of these technologies.

3. How NuraMatch Uses Cookies

NuraMatch is primarily a mobile application. Our use of cookies and similar technologies is more limited than a typical website. We use these technologies for the following purposes:

3.1 Essential Technologies

These are necessary for NuraMatch to function and cannot be disabled. Without them, core features of the app would not work correctly.

Technology	Purpose	Provider	Duration
Authentication token	Keeps you securely logged in between app sessions	NuraMatch	Until logout or expiry
Session identifier	Identifies your current app session for security purposes	NuraMatch	Session duration
Security token	Protects against cross-site request forgery and unauthorized access	NuraMatch	Session duration
User preferences	Stores your app settings such as notification preferences and display options	NuraMatch	Until changed or account deletion

3.2 Functional Technologies

These technologies enable enhanced functionality and personalization within NuraMatch. Disabling them may affect your experience but will not prevent core features from working.

Technology	Purpose	Provider	Duration
Firebase Authentication	Powers Google Sign-In and manages secure authentication state	Google Firebase	Until logout
Firebase Cloud Messaging token	Enables push notifications for new matches and messages	Google Firebase	Until token refresh
Language and locale settings	Remembers your language and regional preferences	NuraMatch	Until changed
Onboarding status	Tracks whether you have completed the onboarding flow	NuraMatch	Persistent

3.3 Analytics Technologies

We use limited analytics technologies to understand how NuraMatch is used so we can improve the experience. This data is aggregated and anonymized wherever possible.

Technology	Purpose	Provider	Duration
Firebase Analytics	Tracks app usage patterns such as screen views and feature engagement to help us improve NuraMatch	Google Firebase	Up to 14 months
Firebase Crashlytics	Automatically reports app crashes and errors so we can fix bugs quickly	Google Firebase	90 days
Performance monitoring	Measures app loading times and performance to identify and fix slow experiences	Google Firebase	30 days

3.4 What We Do NOT Use

NuraMatch does not use the following types of cookies or tracking technologies:

- Advertising or marketing cookies: We do not run ads within NuraMatch and do not use tracking technologies for advertising purposes
- Third party social media tracking pixels: We do not embed Facebook, Instagram, TikTok, or other social media tracking
- Behavioral profiling for commercial purposes: We do not build or sell behavioral profiles of our users
- Cross-site tracking: We do not track your activity on other websites or applications outside of NuraMatch
- Retargeting cookies: We do not use your NuraMatch data to serve you ads on other platforms

4. Third Party Technologies

Some of the technologies used in NuraMatch are provided by third parties. These third parties may collect data subject to their own privacy policies:

Provider	Purpose in NuraMatch	Privacy Policy
Google Firebase	Authentication, push notifications, analytics, and crash reporting	policies.google.com/privacy
OpenAI	Powers the AI companion chat and content moderation features	openai.com/privacy
Amazon Web Services	Cloud infrastructure and data hosting	aws.amazon.com/privacy
MongoDB Atlas	Database services for storing user data securely	mongodb.com/legal/privacy-policy

Provider	Purpose in NuraMatch	Privacy Policy
Resend	Email delivery for verification emails and account notifications	https://resend.com/legal/privacy-policy

We have data processing agreements in place with each of these providers to ensure your data is handled in accordance with applicable privacy laws.

5. Mental Health Data and Cookies

We are acutely aware that NuraMatch handles sensitive mental health information. Our cookie and tracking practices are designed with this sensitivity in mind:

- We do not use cookies to profile users based on their mental health status, mood check-ins, or emotional data
- Mental health data collected through the app is not used for advertising targeting of any kind
- Analytics data is aggregated and anonymized and never linked back to individual mental health profiles
- We do not share mental health related data with any advertising or data broker platforms
- Cookie data is strictly separated from sensitive mental health data in our systems

6. Your Cookie Choices

You have several options for controlling cookies and similar technologies used by NuraMatch:

6.1 In-App Settings

You can manage certain tracking preferences through your NuraMatch account settings including:

- Push notification preferences: Control which types of notifications you receive
- Analytics opt-out: You can opt out of non-essential analytics tracking through your privacy settings

6.2 Device Settings

Your mobile device gives you control over certain tracking technologies:

- iOS users: Go to Settings then Privacy and Security then Tracking to control app tracking permissions. Go to Settings then Privacy and Security then Analytics and Improvements to limit analytics sharing.
- Android users: Go to Settings then Privacy then Ads to opt out of ads personalization. Individual app permissions can be managed in Settings then Apps then NuraMatch then Permissions.

6.3 Firebase Analytics Opt-Out

You can opt out of Firebase Analytics data collection by adjusting your device's advertising settings or by contacting us at privacy@nuramatch.com to request that your device identifier be excluded from analytics.

6.4 Essential Technologies Cannot Be Disabled

Please note that essential cookies and technologies required for authentication, security, and core app functionality cannot be disabled without significantly impairing your ability to use NuraMatch. Disabling these may result in you being unable to log in or use key features of the app.

6.5 Withdrawing Consent

Where our use of cookies is based on your consent, you have the right to withdraw that consent at any time by contacting us at privacy@nuramatch.com. Withdrawing consent will not affect the lawfulness of any processing we carried out before you withdrew consent.

7. Cookies and the NuraMatch Website

If you visit nuramatch.com in addition to using our mobile app, our website may use cookies for:

- Essential website functionality such as maintaining your session if you sign in through the website
- Analytics to understand how visitors find and use our website, helping us improve it
- Remembering your cookie preferences

When you first visit nuramatch.com you will be presented with a cookie consent banner where you can manage your preferences for non-essential cookies on the website.

8. Data Retention

The retention periods for different cookie types are outlined in the tables in Section 3. In general:

- Session cookies are deleted when you close the app or your session expires
- Persistent cookies remain until their expiry date or until you delete them through your device settings
- Analytics data is retained in aggregated form for up to 14 months as described in Google Firebase's data retention policies
- All cookie and tracking data associated with your account is deleted when you delete your NuraMatch account within 30 days of the deletion request

9. International Transfers

Some of the third party providers listed in Section 4 are based outside of Canada and may process data internationally. For example, Google Firebase and OpenAI process data in the United States. These transfers are covered by Standard Contractual Clauses and the respective providers' compliance frameworks as described in our Privacy Policy.

10. Children

NuraMatch is not intended for users under 18 years of age. We do not knowingly use cookies or tracking technologies to collect data from anyone under 18. If you believe a minor has used NuraMatch, please contact us at privacy@nuramatch.com immediately.

11. Changes to This Cookie Policy

We may update this Cookie Policy from time to time to reflect changes in our practices, the technologies we use, or applicable legal requirements. When we make material changes we will:

- Notify you through a prominent in-app notice
- Send an email notification to your registered email address where required by law
- Update the effective date at the top of this policy

We encourage you to review this Cookie Policy periodically. Your continued use of NuraMatch after the effective date of a revised Cookie Policy constitutes your acceptance of the changes.

12. More Information

If you would like to learn more about cookies and how they work, the following independent resources may be helpful:

- All About Cookies: allaboutcookies.org
- Network Advertising Initiative: networkadvertising.org
- Digital Advertising Alliance: aboutads.info

For more information about how NuraMatch handles your personal data more broadly, please read our Privacy Policy available at nuramatch.com/privacy.

13. Contact Us

If you have any questions about this Cookie Policy or our use of cookies and similar technologies, please contact us:

- Email: privacy@nuramatch.com

- Website: nuramatch.com
- Location: Toronto, Ontario, Canada

We will respond to all cookie-related inquiries within 30 days.
