

Privacy Policy

Effective Date: May 14, 2026

1. Introduction

Welcome to NuraMatch. NuraMatch ("we", "our", or "us") is a peer support platform that connects people going through similar mental health experiences so they can support each other. We are based in Toronto, Ontario, Canada.

This Privacy Policy explains how we collect, use, disclose, and protect your personal information when you use the NuraMatch mobile application and related services (collectively, the "Services").

By using NuraMatch, you agree to the collection and use of information in accordance with this Privacy Policy. If you do not agree, please do not use our Services.

This policy complies with the Personal Information Protection and Electronic Documents Act (PIPEDA), Canada's federal privacy law, and takes into account the requirements of the General Data Protection Regulation (GDPR) for users in the European Union and United Kingdom.

2. Information We Collect

We collect the following categories of personal information directly from you:

2.1 Identity Information

- Display name or username chosen by you
- Email address
- Profile photo (optional)
- Age (visible only to you and never shared with other users or third parties)

2.2 Mental Health and Wellbeing Information

This is our most sensitive category of information. We collect it solely to provide you with appropriate peer support matching and a personalized experience:

- Daily mood check-ins including your selected emotional state (okay, struggling, or in crisis)
- Emotional tags and feelings you select during check-ins
- Struggle categories and mental health topic tags you identify with

- Coping strategies you select
- Journal entries and private notes you create in the Reflect tab
- Mood history and trend data accumulated over time
- Optional notes added during check-ins

2.3 Connection and Support Preferences

- Type of support you are looking for
- Communication style preferences
- Profile prompt answers you choose to complete
- Whether you prefer to support others or receive support

2.4 Account and Usage Information

- Login method (Google OAuth or email)
- Check-in streak and badge history
- Saved affirmations
- Anonymous or named profile status
- App usage patterns and engagement data

2.5 Technical Information

- Device type and operating system
- App version
- General timezone for matching purposes
- Crash reports and error logs

3. How We Use Your Information

We use the information we collect for the following purposes:

3.1 Providing the Service

- Matching you with appropriate peer support connections based on your mood, struggles, and preferences
- Enforcing matching safety rules including ensuring crisis users are only matched with stable users
- Powering the AI companion chat when no human match is available
- Displaying your mood trends and journal history in the Reflect tab
- Sending push notifications about new matches and messages

3.2 Safety and Moderation

- Monitoring conversations using AI to detect grooming language, manipulation, and escalating distress
- Calculating internal trust scores to identify and restrict bad actors
- Reviewing flagged conversations through human moderators when safety concerns are detected
- Surfacing crisis resources when distress signals are identified

3.3 Improving the Service

- Analyzing aggregated and anonymized platform usage to improve matching quality
- Monitoring platform health metrics including check-in completion rates and match success rates
- Fixing bugs and improving app performance

4. Mental Health Data Protection

NuraMatch collects sensitive mental health information. We treat this information with the highest level of care and protection. We make the following commitments:

- Your mental health data is never sold to third parties under any circumstances
- Your mental health data is never used for advertising or marketing purposes
- Private journal entries and personal notes are never accessed by NuraMatch staff or administrators
- Your mental health data is encrypted both in transit and at rest
- You may request complete deletion of all your mental health data at any time by contacting privacy@nuramatch.com
- Crisis-related information shared within the app is used solely to connect you with appropriate support resources and is never shared externally without your explicit consent except where required by applicable law in situations involving imminent risk to life

We do not require you to disclose your gender identity, race, ethnicity, or legal name. These are not collected by NuraMatch.

5. How We Share Your Information

We do not sell your personal information. We share your information only in the following limited circumstances:

5.1 With Your Match

When you are matched with another user, limited profile information is shared with them including your display name, profile photo if provided, bio, topic tags, and prompt answers. Your age, email address, and mental health check-in data are never shared with your match.

5.2 Service Providers

We work with trusted third party service providers who help us operate NuraMatch. These providers are contractually obligated to protect your information and may only use it to provide services to us:

- OpenAI: Powers the AI companion chat and content moderation features
- Google Firebase: Provides authentication, push notifications, and real-time messaging infrastructure
- Amazon Web Services (AWS): Provides cloud hosting and infrastructure
- MongoDB Atlas: Provides database services
- Resend: Provides email delivery services

5.3 Legal Requirements

We may disclose your information if required to do so by law or in response to valid requests by public authorities including to meet national security or law enforcement requirements.

5.4 Safety and Crisis Situations

In situations involving imminent risk to life, we may share limited information with emergency services or crisis intervention resources where required by applicable Canadian law.

6. Data Retention

We retain your personal information for as long as your account is active or as needed to provide you with our Services. Specifically:

- Account information is retained until you delete your account
- Mood check-in history is retained for the duration of your account to enable trend analysis in the Reflect tab
- Journal entries and private notes are retained until you delete them or delete your account
- Conversation history with matched users is deleted when either user removes the connection
- Trust score data is retained for platform safety purposes for up to 12 months after account deletion
- Anonymized and aggregated analytics data may be retained indefinitely as it cannot identify you

Upon account deletion, all personal information including mental health data is permanently deleted within 30 days except where retention is required by law.

7. International Data Transfers

NuraMatch operates from Canada. Your information may be transferred to and processed in countries other than your country of residence, including the United States, where our service providers operate.

When transferring personal data internationally, NuraMatch relies on Standard Contractual Clauses (SCCs) and uses service providers who maintain their own GDPR and international data transfer compliance frameworks, including Google Firebase, OpenAI, and AWS.

Canada has received an adequacy decision from the European Commission, meaning that data transferred from the EU to Canada is considered to have adequate protection under PIPEDA.

8. Your Privacy Rights

You have the following rights with respect to your personal information, which you may exercise at any time by contacting us at privacy@nuramatch.com:

8.1 Right to Access

You have the right to request a copy of the personal information we hold about you. We will respond to all access requests within 30 days.

8.2 Right to Correction

You have the right to request that we correct any inaccurate or incomplete personal information we hold about you.

8.3 Right to Deletion

You have the right to request deletion of your personal information. You can delete your account at any time through the app settings or by contacting us at privacy@nuramatch.com. Upon deletion all personal information is permanently removed within 30 days.

8.4 Right to Data Portability

You have the right to receive a copy of your personal information in a structured, machine-readable format.

8.5 Right to Withdraw Consent

Where we process your information based on consent, you have the right to withdraw that consent at any time without affecting the lawfulness of processing before withdrawal.

8.6 Right to Update Consent Preferences

You can update your consent preferences at any time through your account settings including notification preferences, data usage preferences, and profile visibility settings.

These rights apply to all users regardless of their country of residence. We do not require you to demonstrate that your country's privacy law grants these rights before honoring a request.

9. Security

We take the security of your personal information seriously, particularly given the sensitive nature of mental health data. Our security measures include:

- Encryption of all personal data in transit using TLS
- Encryption of sensitive data at rest
- Secure authentication including OAuth 2.0 and email verification
- Access controls limiting who can access personal information
- Regular security monitoring and incident response procedures
- AI and human moderation to protect users within the platform

While we implement these safeguards, no security system is impenetrable. In the event of a data breach that poses a risk to your rights and freedoms, we will notify you and relevant authorities as required by applicable law.

10. Age Requirements

NuraMatch is intended for users aged 18 and older. We do not knowingly collect personal information from anyone under the age of 18. If we become aware that we have collected personal information from a person under 18, we will take steps to delete that information as quickly as possible.

If you believe we may have collected information from someone under 18, please contact us immediately at privacy@nuramatch.com.

11. AI and Automated Processing

NuraMatch uses artificial intelligence and automated processing in the following ways:

- **Matching algorithm:** An automated system analyzes your mood check-ins, trajectory data, and preferences to suggest peer matches. This system operates under strict safety rules enforced at the database level.
- **AI companion chat:** An AI powered by OpenAI's language models provides emotional support when no human match is available. This AI is instructed to follow safe messaging guidelines and route users to crisis resources when appropriate.
- **Content moderation:** AI systems monitor conversations in real time to detect harmful language, grooming patterns, and escalating distress. Flagged conversations may be reviewed by human moderators.
- **Trust scoring:** An internal behavioral scoring system silently tracks reports, blocks, and conversation tone to identify bad actors. This system is not visible to users.

You have the right to request human review of any significant automated decision that affects you by contacting privacy@nuramatch.com.

12. Human Moderation and Conversation Review

By using NuraMatch you consent to the possibility that flagged conversations may be reviewed by trained human moderators. This review occurs only when our AI systems detect potential safety concerns and is conducted solely for the purpose of protecting users.

We are transparent about this practice because for a mental health app, knowing a real human can step in if something goes seriously wrong is a feature designed to protect you, not a surveillance concern.

All moderators are bound by strict confidentiality obligations and may only use conversation content for the purpose of safety review.

13. Third Party Services and Links

NuraMatch may contain links to external mental health resources and articles. This Privacy Policy does not apply to those third party websites. We encourage you to review the privacy policies of any third party sites you visit.

Our service providers including OpenAI, Google Firebase, AWS, MongoDB, and Resend have their own privacy policies governing their use of data. We have contractual agreements with each provider requiring them to protect your information.

14. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices, legal requirements, or the features of our Services. When we make material changes, we will:

- Notify you through the app with a prominent notice

- Send an email notification to your registered email address
- Update the effective date at the top of this policy

Your continued use of NuraMatch after the effective date of a revised Privacy Policy constitutes your acceptance of the changes. If you do not agree to the revised policy, please stop using our Services and delete your account.

15. Contact Us

If you have any questions, concerns, or requests regarding this Privacy Policy or our privacy practices, please contact us:

- Email: privacy@nuramatch.com
- Website: nuramatch.com
- Location: Toronto, Ontario, Canada

We will respond to all privacy inquiries within 30 days. If you are not satisfied with our response, you have the right to lodge a complaint with the Office of the Privacy Commissioner of Canada at www.priv.gc.ca.

16. PIPEDA Compliance

NuraMatch operates in compliance with Canada's Personal Information Protection and Electronic Documents Act (PIPEDA). Under PIPEDA you have the right to:

- Know why we collect, use, or disclose your personal information
- Expect us to collect, use, or disclose your personal information reasonably and appropriately
- Know who in our organization is responsible for protecting your information
- Expect us to protect your personal information with appropriate security
- Expect the personal information we hold about you to be accurate, complete, and up to date
- Access the personal information we hold about you
- Challenge compliance with these principles

The individual responsible for NuraMatch's privacy compliance can be reached at privacy@nuramatch.com.
